A GREAT EXPERIENCE FOR ALL THE FAMILY

The historic and beautiful village of Ashwell, Winner of Hertfordshire's **Village of the Year 2010** nestles in rolling countryside yet is just three miles from the A1M motorway. It dates from Saxon times and was a market town at the time of the Domesday Survey of 1086.

There are a wealth of interesting buildings which offer architectural features stretching through the centuries, from the church to the lock-up and timber framed buildings.

St Mary's Church dates from the 14th century and its church tower, crowned by an octagonal lantern and leaded 'spike' is the highest in Hertfordshire standing at 176ft (54m). It also contains some medieval graffiti carved on its walls from the bubonic plague pandemic of 1348 known as the Black Death.

The picturesque **Ashwell Springs** are a Site of Special Scientific interest and are the source of the River Cam. The Springs contain an extremely rare species of prehistoric flatworm.

Around the village there are a number of interesting walks including the Icknield Way which passes close to **Arbury Banks**, the site of an Iron Age Hill Fort.

Ashwell Museum contains artifacts about the village from the Stone Age to the present day.
Open: Sundays 2.30 - 5.30 and Bank Holidays. Group parties by appointment.
